

Mrs Errington's Newsletter

29th June 2020

Hello everyone!

What a wonderful week of sunshine! It was lovely to see so many photographs of you learning outside and going for long walks. You were also working hard indoors where it was much shadier - there has been a lot of superhero maths, spelling and writing! Somebody even found time to bake a delicious cake... yummy, yummy... and someone became a Superhero Scientist making a pH indicator (chemical detector for acid) using pureed red cabbage! Can you guess who that was?

Message from Year 1!

Hello everybody!

We hope you have had fun at home and have had a good week. We really liked looking at your photographs. You were all concentrating very much.

We have enjoyed learning about superhero explorers of the oceans, doing our times tables, making superhero nature masks, minibeasts from nature and sculpting our Superheroes. Do you like our superhero poses? On Thursday we had lunch outside in the shade. It was like having a picnic! The sun has been very hot this week but today (Friday) we are dodging the rain and thunder.

Please send us some more news and photographs **before 1pm next Friday**. That will be our last newsletter this term.

We hope you have another nice week.

Love and miss you all.

From Year 1 xxx

Until next time...

Soon you will be getting ready to spread your wings and go into your new year group - goodness you have grown up this year. This makes a good moment to think about your special friends and moments while in Nursery or Reception, Year 1 or Year 2. Look for your **Spreading My Wings** sheet(s) on the Home Learning page. When you have completed your record, please bring it with you to school on 6th July or send a copy by email.

Have a lovely week...

With love from,

Mrs E 😊x
